Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

The Transfer Credit Policy is described on page 19 of the Clinical Psychology PhD Program; Student Manual:  
 "Students wishing to transfer graduate credit from another SU program, or from another institution, must file a formal petition requesting such transfer. The Graduate Secretary retains blank copies of the formal petition form. Transfer credit will be evaluated on an individual basis upon entrance into the program. The petition must be approved by the Area Director (Dr. Antshel) and the Associate Chair. As stated in Section 46.3 of Syracuse University's Academic Rules and Regulations, at least 50% of graduate coursework or 33 credit hours (exclusive of research and internship courses) must be completed in residence credits (approved graduate courses) at Syracuse University. This means that no more than 33 graduate credit hours may be transferred assuming the previously stated residency requirements are met. Please note that residency requirements for the doctoral degree in Clinical Psychology include a minimum of 3 full-time academic years of graduate study (or the equivalence thereof) and completion of a pre- doctoral internship. At least 2 of the 3 academic training years (or the equivalent thereof) must be at Syracuse University, and at least 1 of these years must be in full-time residence (or the equivalent thereof)."

## Program Costs

Description	2017-2018 1 <sup>st</sup> -year Cohort Cost
Tuition for full-time students (in-state)	\$36,000
Tuition for full-time students (out-of-state)	\$36,000
Tuition per credit hour for part-time students ( <i>if applicable enter amount; if not applicable enter "NA"</i> )	NA
University/institution fees or costs	\$836
Additional estimated fees or costs to students (e.g. books, travel, etc.)	\$899

\* The Department of Psychology at Syracuse University makes a determined effort to provide at least four years of financial support for all graduate students in good standing. Support is obtained from a variety of sources, including: teaching and clinical assistantships, as well as university fellowships. In addition, students are regularly funded as research assistants on faculty grants. Assistantships for the 2017-2018 academic year carry a stipend of approximately \$17,000 plus 24 hours of remitted tuition per year (at \$1,500 per credit hour), which includes 6 credit hours to be used during the summer.
